Amrit Cement celebrates diwali at Sishu Kendra

GUWAHATI, OCT 30: Amrit Cement, the most promising cement brand of Northeast recently distributed various gifts, sweets and firecrackers amongst the underprivileged children of Sishu Mangal Kendra,

Guwahati, during this diwali.

While for most, diwali means lightning lamps, bursting crackers and having a party. But for some among us, the festival of light is the opportunity to spread happiness among the needy by distributing various gifts and goodies with the objective of bringing in smiles even at least for few moments.

Commenting on the initiative, Pradeep Bagla, MD, Amrit Cement said, "Diwali is a festival of joy and lights. It is more about the spirit of giving and spreading happiness than receiving. We can make this Diwali special for the disadvantaged people by offering that whatever we can. Hence, this Diwali let us pledge to eliminate the darkness in the lives of these children and fill it with the light of joy and hope with whatever possible ways we can."
